THE COMMERCIAL DIVE CENTER AT THE EASTERN ATLANTIC STATES CARPENTERS TECHNICAL CENTER

The state-of-the-art Commercial Dive Center at the Eastern Atlantic States Carpenters Technical Center in Sicklerville, New Jersey

The Dive School is ready to prepare qualified candidates for a future career in the diving industry. Learn from instructors at the United Brotherhood of Carpenters and Joiners of America as part of an over 100 year old tried and true apprenticeship program with accreditation from the Global Wind Organization, the USDOL, and the commercial diving industry. Centrally located in South Jersey, the Commercial Dive Center is less than an hour from both Philadelphia, Pennsylvania and Atlantic City, New Jersey. Qualified candidates will learn hands-on, utilizing five diving stations on a 25-acre lake just outside classroom settings.

Program Details:
The Commercial Diving Program is a sixteen consecutive week program at our New Jersey facility.

- Tuition waived after completion of requirements contained in contract.
- Upon completion, you will gain direct entry into the apprentice program.

Program Requirements:
Students are responsible for the costs associated with all scuba certifications and diver physicals.
Students are also required to supply the following:
• Wet or dry suit • Dive knife • Mask • Fins • Snorkel • Gloves • Boots
