Mill Cabinetry Carpenters

The Precision of Mill Cabinetry Craftsmanship

Union Carpentry's Best Kept Secret

Mill Cabinetry is a specialty trade that focuses on architectural millwork. It is a visual testament to the skills demonstrated by the men and women in this profession.

Each shop is specialized in one of the following categories:

- Architectural Millwork
- Casework For Hospitals
- Metal & Wood Doors/Frames
- Hardwood Lumber & Veneer Supplier

Mill cabinet carpenters and shops offer a specialized touch to many of the buildings and structures you pass each day, including:

- Business Offices
- Tradeshow Exhibits
- Hotels & Casinos
- Restaurants
- Hospitals
- Shopping Malls
- Banks

One Size Does NOT Fit All

In today's construction environment, one size does NOT fit all when a construction project requires woodworking that is beyond the ordinary - it requires that "perfect fit."

When you hire a union mill cabinet maker, you're making an investment in the quality of work you will receive. Every cabinetmaker completes a rigorous, five-year apprentice training program, learning the newest technologies, many of which are driven by computer and technology.
