UBC MILLWRIGHTS:
EXCELLENCE GROUNDED IN TRAINING AND PARTNERSHIPS

Led by an international Labor-Management Committee, the UBC Millwright program seeks out industry partnerships with the goal of delivering exactly what is needed on every job.

In the power generation industry, staying competitive means completing outages on time, building quickly and correctly, and maintaining equipment with pinpoint accuracy.

UBC Millwrights are power generation experts with the experience to solve problems and complete tasks with superior skills. UBC Millwrights are in demand in the coal, gas, and nuclear power industries – and in alternative energy plants including wind, hydro, and solar.

WHAT YOU CAN EXPECT FROM A UBC MILLWRIGHT AND CONTRACTOR:

• Safety • Dedication • Availability • Productivity • Flexibility • Customer Service

Bottom Line:
By using UBC Millwrights, you are assured quality, productive work from pre-planning to maintenance.

Our Promise is Simple:

- Work will be done safely, accurately, and dependably.
- All requests will be promptly addressed and the delivery of the service that was promised is guaranteed.
- Open communication early and often with customer involvement in every step of the process.
- Project completion according to specified schedules with pride and integrity.
